Mueen Hossain

FRONT END WEB DEVELOPPER - JAVASCRIPT - VUEJS - NUXT - REACTJS - NODE

Profile

Hello, great passion for Web development and new technologies, I am specialized in VueJS and full stack Javascript. A particular interest for graphics, I usually use tools such as Adobe Photoshop, illustrator. The front end is still my favorite area! I am however eager to learn more just like I do everyday! Thank you.

Education

Masters, IPSSI, Paris
SEPTEMBER 2019 — JULY 2021

Masters degree in Web Development, data architecture and Big Data.

Bachelor, Licence Pro, Sorbonne Université, UPMC, Paris
SEPTEMBER 2018 — SEPTEMBER 2019

Web Development, web design and project management

Intensive coding bootcamp, O'Clock, Paris
FEBRUARY 2018 — JULY 2018

Intensive web development bootcamp. 2 years degree and 1 month specialization in React JS.

Employment History

Vue JS developer - Full stack, Stratocore, Atlanta
JUNE 2022 — PRESENT

As a Vue.js and TSQL developer for a SaaS tool catering to laboratories, schools, and research-based institutions, I played a pivotal role in coding a platform that facilitated tracking and pricing of rented scientific tools. Our solution enabled efficient monitoring of scientific equipment, accommodating varying prices based on specific institutes' requirements.

Vue/Nuxt developer - Full stack, Troov, Paris
NOVEMBER 2020 — NOVEMBER 2021

As a full-stack developer specializing in Nuxt.js and Node.js, I contributed to a company's platform aimed at locating lost items in specific cities and locations. My role involved designing and implementing back-end features and changes, creating intuitive user interfaces, and integrating external APIs for seamless functionality.

Javascript Developer, TigerSun Media Group, Brennan&Fox, Paris
NOVEMBER 2019 — NOVEMBER 2020

As a JavaScript developer at an advertising agency, I specialized in coding various advertising banners for websites. I collaborated with the design team to understand their vision and objectives and then translated them into functional banners using JavaScript.

Front End Web Developper - Vue JS, Aryga, Orry-La-Ville, Ile-De-France
SEPTEMBER 2019 — SEPTEMBER 2020

Coding a controlling application using VueJS for a machine, and coding little parts of their main website: http://www.dessinetonmeuble.fr

Independant Graphic Designer
JANUARY 2013 — NOVEMBER 2019

Creating and designing Logos and Banners for friends and clients according to their needs.
